

fine in projects

... our experience assembled for you

Contract projects are highly-complex. Smooth interplay between suppliers, tradesmen and other vendors in the project is essential. We know that from our years of experience.

We attach great importance to presenting our collections as themed books and folders. Levels of colour are a basis of ideas for interior design. Our website provides you with the opportunity to use a pattern book as working basis: <http://www.fine.at/de/mein-musterbuch.html>

Our sales representatives are more than happy to help on your premises and support our partners from the planning phase to implementation. They have a profound product knowledge and provide comprehensive advice.

We do everything to deliver on time and in the best of quality. Our storage capacity and expertise in logistics are correspondingly large and are constantly undergoing further development.
